RULER ASKED TO FLY BACK FROM EXILE

Former War Minister And
Royalist Leader Forms
New Cabinet

ATHENS, Oct. 10.—(UP)—A monarchical government formed under martial law today telegraphed to former King George II to fly back to Athens and resume the throne from which he fled more than 11 years ago.

President Alexander Zaimis of the Greek Republic resigned as Gen. George Kondylis, former war minister and leader of the royalists, formed a cabinet and convoked the national assembly to decree restoration of the monarchy.

Abolition of the republic and proclamation of a monarchy was the first step of the new government. Kondylis established himself as regent on behalf of the absent king.

The national assembly had not been scheduled to meet until day after tomorrow, but the monarchists in the saddle showed a strong determination to act swiftly to bring George back to the throne.

The emergence of Gen. Kondylis as the strong man of the hour followed swiftly on the resignation of the government headed by Panagiotis Tsaldaris. He resigned when faced with a demand, backed by leaders of the Greek army, navy and air force, that he issue a proclamation restoring the monarchy.

(Meanwhile, former King George made it known in London, the United Press learned from an unimpeachable source, that he did not intend to return to Greece until and unless a national plebiscite resulted in a popular demand for restoration of the monarchy. It is believed he had not received Gen. Kondylis' invitation to return when this statement was made.)

For more than 11 years George

BRUNO BEGINS NEW FIGHT TO ESCAPE CHAIR

TRENTON, N. J., Oct. 10.—(UP)—Attorneys for Bruno Richard Hauptmann began a fight along new and apparently hopeless lines today to save him from the chair.

C. Lloyd Fisher, chief counsel for the German carpenter convicted of kidnapping and murdering the infant son of Col. and Mrs. Charles Lindbergh, announced he would carry an appeal denied yesterday by the state court of errors and appeals, to the United States supreme court.

The climactic feature of the institute comes Friday evening when Dr. Robert Millikan, noted scientist and director of California Institute of Technology, speaks on the subject, "The Contribution of Science to Social Progress."

PRISONER REWARDED FOR HALTING BREAK

SAN QUENTIN PRISON, Calif., Oct. 10.—(UP)—An eight months' reduction in his 10-year prison sentence for murder was Convict Herman A. Saunders' reward today for halting a desperate escape attempt of William Bagley, one of San Quentin's most notorious bad men.

Bagley, since executed, was followed by Saunders, a trustee, after the condemned man broke from his cell on death row and overpowered a guard.

The reward was voted by the state board of prison terms and paroles, which took action on 129 cases, the largest calendar in three years.

The board granted no immediate paroles. Two men were ordered released for deportation, 40 parole applications were denied and all others were postponed or set for future consideration.

UNION AND SHELL COMPANIES CUT GASOLINE PRICES 1 CENT

GASOLINE prices in Santa Ana were unsettled today following a cut of one cent per gallon on three grades by the Union Oil company and the Shell Oil company at 4 p. m. yesterday.

While rumors were thick to the effect that other of the major companies would cut prices soon, in an effort to meet the competition, no other changes in gas prices were quoted here today except by the Langley Oil company, distributors of Hancock gasoline in Orange county. This company moved to keep in step with Shell and Union on the price.

Shell, Union and Hancock were selling here today for 13 1/2 cents for ethyl, 11 1/2 cents for standard and 10 1/2 cents for third structure fuel. This was one cent cheaper on all grades than the fuel of other major companies.

No official move has been made by Standard Oil company, Associated Oil, the Texas company or Richfield, although a general reduction was proposed.

Cut Follows Meet

The reduction came a short time after delegates from 1500 independent stations and some major concerns met with the Independent Refiners' association in Los Angeles yesterday in an effort to stabilize prices.

LIBEL SUIT FILED AGAINST TOWNSEND

SANTA CRUZ, Calif., Oct. 10.—(UP)—Francis E. Townsend, originator of an old age revolving pension plan, carried with him to San Francisco conferences today a summons to answer a \$25,000 libel suit filed against him and other leaders of the Townsend club movement.

They ruled, rather, that evidence presented during his trial made a conclusion of guilt "inescapable," the state proved, as "a moral certainty, beyond a reasonable doubt."

The court's 45-page opinion said, "that he collected the ransom money and was therefore the kidnaper."

ANNAPOLIS, Oct. 10.—The navy was victor today in the football contest with University of Virginia, 26 to 7. The game was played today on the 90th anniversary of the founding of the naval academy.

WASHINGTON, Oct. 10.—(UP)—Dr. Elwood Mead announced today that the bureau of reclamation, with its reduced allotment of \$15,000,000 for California's central valley, will start work "within 60 days" on Contra Costa conduit. Then it will begin building Kent and Friant dams.

SAN FRANCISCO, Oct. 10.—(UP)—City health authorities today clamped an embargo on sale of parrots and parakeets and sent an urgent request for parrot fever serum to Washington in a swift series of moves to check an apparent outbreak of dread psittacosis which already had claimed one life. Two other persons were critically ill, authorities said.

Water District Directors Row Over Bond Election

DECIDE TO AID SUPERVISORS IN GETTING PLAN

Conflict between members of the Orange County Water District flared into the open for the first time yesterday afternoon when Director William Wallop, superintendent of the Anaheim Union Water company, denied charges made by Director William Mauerhan that he (Wallop) had worked against the water bonds after an agreement had been reached between the water companies and the board of supervisors that the water companies would not oppose the program.

Harsh words were exchanged between Wallop and Mauerhan after the board had been discussing offering to aid the board of supervisors in development of a new and modified flood control plan.

Wallop passed the lie to Mauerhan after Mauerhan had accused Wallop of working against the bonds in violation of an agreement between the water companies and the supervisors which was drawn up so that the water companies would not actively oppose the water program.

Offer Assistance

After the atmosphere had cleared the water board authorized Chairman William H. Warner to name a committee to contact the board of supervisors and to offer assistance in developing a new plan.

Wallop suggested that the district water board should make some suggestions as to how the government grant should be used. He said some of the money should be used in spreading water in Orange county and in dyking the river channel; continuing studies of importation of Mojave river water and draining the upper basin. A plan which would cost \$2,000,000 is on file in the flood control engineer's office, he said, for the spreading and dyking works.

Mauerhan said that all plans in the flood control office are contingent on building a dam in the Santa Ana canyon. He said it is impractical to dyke the river all the way to the ocean. He claimed that the supervisors were in Los Angeles yesterday seeking to retain the government grant and that a strong effort will be made to put over the entire flood control program again, even after the defeat of the bonds at the recent election. He said he believes the bonds would carry the second time. Wallop disagreed.

Support Promised

Director Roy Browning, Irvine engineer, who opposed the bonds was afraid he would have to oppose them again if the "political dams" in the program were included. He said he would be willing to support a modified program with a lower dam.

Browning suggested that a dam be built in Brea creek to protect the Fullerton district; that a dam from 50 to 60 feet instead of 92 feet be constructed in the Santa Ana canyon which would take care of a flood the size of the 1916 flood; that more money be spent below the dam rather than for the purchase of large reservoir works.

SKETCH SHOWS PLAN FOR ARCHES INTERSECTION OVERHEAD

Work on the \$180,000 overhead crossing at the Arches, Coast Highway entrance to Newport Beach and Balboa, sketch of which is shown below, is expected to be under way before December 15. Newport Beach City Engineer R. L. Patterson announced today. State Highway Engineer S. V. Cortelyou announced that bids for the job must be in at the State Highway department by October 31. The job when

finished will provide an overhead crossing at the Coast Highway, and will provide exit from Newport either toward Long Beach or south on the Coast Highway. The project is one of a series of 37 grade separation jobs to be undertaken this winter in 17 California counties with \$7,500,000 federal funds, under the supervision of the state highway department.

Service Station To Be Started At Tenth, Broadway

With the issuance yesterday of a building permit for \$4000, plans were completed for the start of work in erecting a new service station at the intersection of Tenth street and Broadway by Pearson and Shipkey, of Fullerton.

Permission to erect the station was granted by the Santa Ana City Council several weeks ago, after many months of debate and argument between the council and the city planning commission.

Work on the station is to start immediately.

Building permits for the first 10 days of the month reached \$28,612 with the issuance of the permit, much higher than at this time last month.

HARBOR FUND SURPLUS TO BE DIVIDED

Orange county will receive \$100,000 as a return to the county treasury from a \$200,000 surplus left in the Newport harbor project fund after completion of the job, county supervisors were informed late yesterday by General Edward M. Markham, of Washington, head of the army engineers.

The government already has drawn down its \$100,000 share of the surplus, and the county's share will be returned upon completion of the project, expected to be some time between December 15 and January 1, General Markham told the officials.

General Markham's statement ended suggestions that the anticipated surplus might be used for additional improvements at the harbor. That is not the army's policy, he said. When the army engineers undertake a planned program, they end their connection with it when the plans are carried out, he stated.

10 Per Cent Saving

The \$200,000 surplus represents a saving of more than 10 per cent on the \$1,850,000 project, it was pointed out.

RODEO MAN ELECTED BY ODD FELLOWS TO CONTESTED POST: BIG PARADE SET FOR TONIGHT

Emil Belman, Rodeo, Calif., was successful in the one contest for a grand office of the Grand Encampment of the Odd Fellows lodge, when he was elected junior warden among a field of eight contestants, at the general session in Anaheim this morning. The convention city for next year is expected to be named later today.

Taking the position of grand will assemble under the command patriarch will be N. R. Reid of Santa Cruz, succeeding Col. Robert Funk. His position is automatically awarded as the positions of all other grand officers who progress from the office of junior warden.

A resolution was adopted today pledging allegiance to the flag and Constitution. This afternoon the only session, a special one, of the Rebekah assembly was held with Mrs. Mary Rewcastle presiding.

Parade Tonight

The major event of the week, so far as the convention concerns the public, will be the parade tonight. Forming on Center and Olive streets, Anaheim, at 7:30 o'clock, it will progress west on Center to Palm, will counter-march to Lemon, south on Lemon to Broadway, east to Los Angeles and north to Adele, where it will disband.

The entire assemblage of delegates and visitors, with their official dress regalia, will march or ride in the parade. Floats and marchers from other organizations will also participate.

Parade marshal will be Henry Adams, who will be accompanied on horseback by Ralph MacBeth and two women riders. Bands will be the Santa Ana and Anaheim Legion drum corps, Whittier State School band, Anaheim High school band, and the Santa Ana F. W. fifes and drum corps.

Seventy-five of the older boys of St. Catherine's Military academy will march.

Following the parade the Golden Rule degree work will be given at Odd Fellows hall, with a midnight frolic at the Fox theater scheduled to begin at 11 o'clock.

Closes Tomorrow

Tomorrow will be the last day of the convention with the closing session of the Grand Encampment to be held at 9 a. m. at Odd Fellows hall and the closing session of the department association of Ladies Auxiliaries at the same hour at the K. P. hall. At the latter session nomination and election will take place. As in the Grand Encampment the higher offices are progressive. Mrs. Julia Baker will take office as president with Mrs. Mattie Mitchell retiring.

In the afternoon there will be the decoration of Chivalry at Camp Mitchell, the entire division assembling in full dress uniform to take part. Santa Ana Canton 18 will act as floor canton. At the close of the ceremony the colors will be lowered.

Festivities will be brought to a close tomorrow night at the Fullerton High school gymnasium. At 8 p. m. all cants and drill teams

MEXICO TOPIC OF TALK FOR BREAKFASTERS

Making a strong plea for a better understanding of Mexico by Americans and praising the progressive six-year plan for improvement of educational, commercial and agricultural facilities of Mexico, Lester J. Fountain, manager of the Broadway and West Coast theaters here who was a delegate to the Rotary International convention in Mexico City from the local Rotary club, addressed members of the Santa Ana Breakfast club in the Main cafeteria this morning.

Fountain characterized the Mexicans as a happy people who are doing their best to carry on and improve their living and social conditions. Great sums of money, he said, are being spent to establish schools for adults as well as children; to improve sanitary conditions and to raise the standard of living.

A major part of the Mexican six-year plan which is being directed by President Cardenas, the speaker said, is to furnish farmers with better tools, to improve agriculture and to give the land back to the people so that they may learn to farm economically.

He pictured Mexico City, now called Mexico, D. F., as a picturesque city, blending the old with the new. He found concrete evidence, he said, of the improvements made in playgrounds, recreational centers, road work and general improvements. He lauded the character of Cardenas, calling him an idealist and predicting that he will leave the presidency of Mexico with less money than he had when he took office. Ambassador Dwight Morrow, he said, is revered by Mexicans as a great man because he understood the Mexicans, a thing which all Americans should try to do for the benefit of trade and international relations with the Southern republic. Mexico, he said, has entered upon a new era of peace and security.

The speaker was introduced by Harold Mathews.

Boxer Released After Hearing On Child Stealing

Don Benzer, 18-year-old Anaheim amateur prizefighter, who has been held under \$2000 bail in the Anaheim jail since October 1 on charges of child stealing, was released this morning, when the case against him was dismissed by Judge Frank Tausch.

The complaint against Benzer was signed by Juan Bassera, 1042 Patton street, who charged that on September 29 Benzer assisted Merigildo Mesa, of Anaheim, in running away with Bassera's daughter, Lupe, 17 years of age.

Apparently, evidence in court showed this morning, Mesa and Benzer had picked up Miss Bassera on her way home from church on September 29. Evidence was introduced to show that Benzer knew nothing of the intentions of Mesa to elope with the girl.

A warrant has been issued for Mesa's arrest on a child-stealing charge. The couple has not yet been located.

The speaker was introduced by Harold Mathews.

Camera Club Will Meet Here Tonight

A meeting of the Santa Ana Camera club will be held at the Y. M. C. A. at 7:30 o'clock tonight, it was announced today by Milan M. Miller, president. Clark Williams, Los Angeles, nationally known photographer who specializes in oil transfers, will be the speaker of the evening.

Total amount of debts of all kinds in the United States is \$281,000,000,000. Total wealth of all kinds is estimated at \$300,000,000,000.

"Camels don't get your Wind"

SAY THE DETROIT TIGERS 1935 WORLD CHAMPIONS

Here's the line-up on the smoking preference of the new world champions:

19 OUT OF 22 OF THE TIGERS SMOKE CAMELS

PETE FOX (below): "Camels don't get my wind. That proves how mild Camels are."

BILL ROGELL (right): "Camels never jangle my nerves, and I smoke all I want. Camels taste better too."

THE TIGERS "BIG FOUR" PITCHERS

ELDEN AUKER (left), SCHOOLBOY ROWE (next to Elden), ALVIN CROWDER (next to Schoolboy) agree with TOMMY BRIDGES (right), who says: "I smoke Camels because I can smoke as many as I like. Camels don't affect my wind or give me jumpy nerves."

Today Detroit glories in its first World Championship! These 1935 Tigers have punched out a story of courage and energy that stands among the masterpieces. They could "take it"! What do the Tigers say about smoking? Here's Mickey Cochrane, dynamic Tiger manager: "One thing the team agrees on is their choice of cigarettes—Camels. The Tigers say they can smoke all they want because Camels are so mild that they don't get their wind or upset their nerves." How about taste? Joe Jo White says: "Camels always taste better."

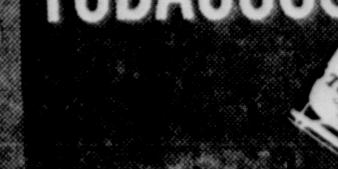

And OWEN! "I light up a Camel to refresh my energy," says Marvin (left).

GERALD WALKER (right) comments: "Camels make such a mild, tasty smoke."

Camels never upset your nerves or tire your taste.

Here's GOSLIN (above). Says "the Goose": "I switched to Camels long ago. Camels are milder."

"The car that has everything" is the Oldsmobile slogan this year. Knox said in pointing out that the Oldsmobile for 1936 is more beautiful in performance, more economical in operation and luxurious in comfort than the car which enables Oldsmobile to double its sales in 1935.

With the completion of the deal, Walter Swanberger, local clothier, took delivery of the first 1936 Oldsmobile from Knox Brothers, Oldsmobile dealers at Sixth and Sycamore streets.

"The 1936 Oldsmobile," Claude Knox of Knox Brothers, said today, "is the style leader for automobiles this year, and it is a happy deal wherein Walt Swanberger, fashion designer, purchases the first 1936 Oldsmobile to reach Santa Ana."

Knox said that Oldsmobile produced and delivered more cars during the first six months of 1935 than had ever been delivered before in an entire calendar year,

S. A. CHURCH TO OPEN REVIVAL MEET MONDAY

Phil Kerr, noted Texas evangelist and gospel song composer, will begin a series of revival meetings Sunday in the Christian and Missionary Alliance church, Cypress and Bishop streets.

His opening service at 11 a. m. will feature a sermon on the subject, "When a Song Beat the Devil!" Sunday night at 7:30 o'clock he will preach on "A Storm at Sea." The young people of the church are sponsoring the campaign, and all Santa Ana young people are given a hearty invitation to attend.

Evangelist Kerr has traveled extensively in all parts of the United States and Canada, Mexico and Cuba. He has composed more than 400 gospel songs, and has broadcast through more than 100 radio stations. Many of his songs were composed publicly, from themes suggested by the audience, a unique feat which is duplicated by only two other men in America, it is said.

In the past twelve months, Kerr has preached in Florida, Louisiana, Texas, Iowa, Illinois, Minnesota, Colorado and California. He has just concluded a campaign in San Diego, before coming to Santa Ana.

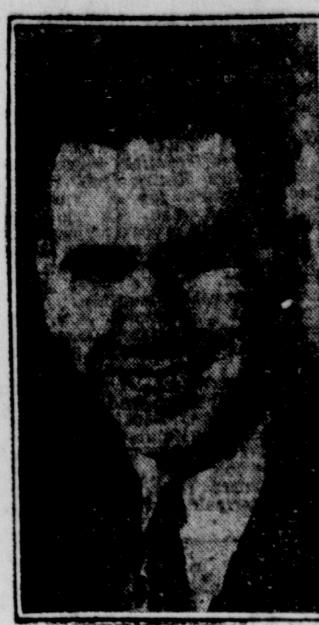

Sermon subjects for next week have been announced as follows: Monday night, "The Cock-Eyed World"; Tuesday, "Stuck in the Mud"; Wednesday, "The Big Fight"; Thursday, "Fire"; Friday, "Elijah in the Whale."

WASHINGTON

By Ray Tucker

LINE-UP

Campfire strategists agree that the 1936 presidential issues have started to jell. The Democrats plan to ask re-election on the theory that they produced recovery out of chaos. The GOP's big guns will warn of a day of heavy financial reckoning.

But the Farleyites have devised a scheme to throw the Republicans off balance. They will ask GOP candidates and orators to specify the Rooseveltian reforms which they will scrap if they capture the White House. You will soon listen to Democratic speeches extolling the AAA, TVA, labor legislation, social security safeguards, bank deposit guarantees, the SEC, the CCC. And the speaker will wind up with the question: "Do our opponents intend to repeal them? Answer 'Yes' or 'No'!"

The political planners welcome Herbert Hoover's entrance into the preconvention campaign. They are actually concealing their joy for fear it may frighten him back into silence. Though they grant the effectiveness of his attacks, they prefer that he make them instead of a GOP—or not associated with 1936's black day.

BOGGED

The administration's \$400,000,000 program for elimination of grade crossings has been halted temporarily, though nobody will talk about it. In their frank moments they blame this widely heralded move to reduce fatalities on the batch of regulations originally framed by Harry Hopkins.

Engineers report they can't remake the railroad landscape under Hopkins' low man-year costs. Railroads warn that WPA hours schedules and wages can't be fitted into a program under which reliefers and union employees would have to work on the same job. The types of labor—and laborers—differ too much for the scheme to pan out. Local communities and railroads are squabbling over which will furnish—or finance—land that must be acquired.

Another difficulty lies in the fact that all contracts must be cleared through government agencies by December 15. It isn't probable that any real start can be made now, with winter near. And if heavy industries improve without this additional push, the project may be pigeon-holed for a long while.

FAITH

Although President Roosevelt has promised to leave business and industry alone if they abide by code standards—which also means if they carry the reemployment load—his advisers are cooking up several new dishes. They intend to be ready for any new emergency.

Financial and industrial experts are making a real study of the possibilities that lie in formation of a National Emergency Council. The idea has been advanced again and again, but it made no headway while NRA seemed to offer a substitute control of industry. Senator Bukey of Ohio introduced an NEC measure at the last session to which nobody paid much heed.

It provides for a council to study and solve, if possible, some of industry's worst problems.

Now it develops that several sets of government sharks are exploring the plan in some detail. In addition, there are other industrial checks and changes being surveyed by commerce economists and surviving NRA advisers. Half of the seventeen congressional investigations now under way touch this problem at some point. It all means that the administration has great faith in the NRA kind of planning and control, even though its soft-pedalling is underlying ideas.

SET

Jesse Jones' railroad reorganization plans are getting him into all sorts of trouble. His difficulties make sweet news to certain official rivals who have suffered some twinges of jealousy at the power he possesses over banks, railroads, insurance companies and industries in hock to the RFC.

The Texan first antagonized administration "liberals" by what they called his tenderness to provide banking and managerial groups. But now it turns out that the bankers and operators don't appreciate his solicitude. They complain bitterly because he tries to dominate their affairs, although as they bewail the government's stake in their properties does not compare with their own.

The controversies seem to be getting under the skin of the usually imperturbable Jones. As for "liberal" critics, he would like to know whether they want to see the transportation system kept as a "going concern." He also recalls that Wall Street and railroad critics rushed to him for assistance when they needed it and didn't balk at his terms. Says he won't budge an inch.

TIMING
State department insiders think the president outsmarted critics at

If economic pressure can force an end to fascism there it would discredit fascist movements elsewhere—and thus facilitate the progress of communism as an alternative. New York learns that the radical undercurrent is causing a good deal of nervousness in official circles all over Europe—and is one of the chief deterrents from war. Probably no European government—with the possible exception of England—could withstand a series of economic or military reverses without inviting a left wing coup.

MENACE

Germany continues to play a cagy game. New York insiders are impressed by her latest move in giving a secret pledge to Britain not to start anything—in Austria or elsewhere—while the Italian crisis remains acute. Naturally the British government is gratified by the promise—which furthers the Nazi campaign to make sure that Britain remains friendly—or at least neutral—when Hitler is ready to strike on the continent. The Germans appear to be profiting from the diplomatic mistakes they made in 1934.

Although our diplomats protest against the neutrality resolution because it deprived the president of discretion in imposing an embargo on belligerents, they are secretly glad now. Mr. Roosevelt, they noted, was careful to point out that he acted under congressional compulsion—even though it necessitated extremely awkward phraseology to get the alibi into the record.

NEAT

Unforeseen blowups may dynamite world diplomats' plans but certain wise people in Washington look for no spread of the Italian-Ethiopian war. There appears to be more dickerling behind the scenes than spokesmen at Geneva, Rome, London, and Paris let on.

These reports say that the conflict around Adowa is a planned and planted affair. When Mussolini has achieved sufficient glory to cater to the martial spirit he has aroused in Italy, he is expected to halt. Then he will fly to the scene of an Italian defeat, proclaim the vindication and valor of Roman arms. Next, if the arrangement goes through, he will be given either a semi-protectorate over Ethiopia or valuable concessions and the loan.

Premier Laval of France—Washington remembers him as a shrewd bargainer—is credited with having proposed this scheme. It may be hard on the Emperor and his people, but it's smart diplomacy.

It will save the face of Il Duce, preserve the league—a major French objective—and allow Britain to claim the credit for having engineered Europe out of a hole.

Not that the price is excessive. Efforts by interested parties to jockey it up were thwarted and experts agree that the final valuation is pretty fair all around. But the subways won't show a profit any quicker than municipal ownership than under private—in fact the operating deficit is likely to mount. A fare increase is still rated the only way to get the lines out of the red—and that hurdle will probably be higher than ever when politicians have direct responsibility.

The only financial gain to the city in the transaction lies in the projected interest saving—charges that must be paid before the city gets any return from the lines.

The proposed new bonds—bearing coupons from 4 to 4 1/4 per cent—can probably be floated successfully IF they can be made tax exempt. But there's no guarantee that they can—there are knotty legal questions involved. If not, they will flop and the city will be deeper in the hole than before.

UNTIMELY

The Chase bank's deposits almost hit the two billion dollar mark in its third quarter statement and the National City crossed a billion and a half. But these spectacular gains were not due to any deliberate campaign to build deposits. They were the fortuitous result of the government spending program and about as welcome as snow in July.

They were especially untimely in one respect. Federal deposit insurance premiums for the year will be based on average October deposits. So the banks will have to pay through the nose for their fine showing. Some of the big fellows are quietly throwing out their less profitable depositors wholesale in order to get as low an October figure as possible. If the said depositors don't like being given the bum's rush that's their bad luck.

COTTON

If Anglo-Italian hostilities should develop despite indications to the contrary they should at least help solve our cotton problem. The surplus that keeps the AAA awake nights might vanish rapidly if a Suez canal blockade shut off Indian and Egyptian cotton.

Both England and Italy are understood to be anxious to reach an agreement. France will naturally do everything possible to help it alone and restore a strong allied front against Germany. England will be glad to help Il Duce solve his economic and colonial problems if only he will tone down on the Roman empire stuff. As for Mussolini, he can talk all he likes about the Italian people having the courage to stand up under the League's economic sanctions—but these wouldn't help his difficult domestic situation at all. Further deprivations might lead to an explosion—and he knows it. So he is expected to welcome an excuse to get out from under the penalties—and to escape from the complex military problems that have Italian army officials so hot and bothered.

Well-posted observers see the only serious obstacle to an agreement in the possibility that England or Italy may still try to play too stiff a game of poker. Of course, what Ethiopia thinks about peace terms doesn't count unless the British decide to back her to the limit—which is very unlikely. There's better than an even chance that a mutually agreeable formula will be found to kill the specter of a general war.

DETERRED
A hidden factor in the European tangle that carries much weight behind the scenes is the communist menace. Communists and other radicals have been pushing the idea of League sanctions applied to Italy for all they're worth.

Their strategy is simple. Italy is the outstanding fascist state. NEW OFFICERS SELECTED FOR CHURCH GROUP

Choose Director Of Altar Society

ANAHEIM, Oct. 10.—The Altar society of St. Boniface church today announced a new director in the person of Sister Genevieve of St. Boniface school. The society plans a number of functions for the remainder of the month.

On October 17 a pot luck dinner for the entire congregation will be sponsored by this group. Plans will be made at a meeting tomorrow of the Junior Altar society. A "print and cord" dance will be held at the recreation hall of the church Wednesday night following a dinner served by the officers.

Following the meeting, the official board elected Grover Walters as chairman and O. T. Kelly as vice chairman.

The best posted financial observers are convinced that Hitler—not Mussolini—is the real menace to European peace. He won't strike this year—and probably not in 1936—because he isn't ready.

But a full-blown war of German origin is predicted in from two to four years unless a German internal revolution intervenes.

HOLE

New York city's plan to take over the privately-owned transit lines for a gross price of about \$425,000,000 will be more of a boon to the security holders of L. R. T., B. M. T. and Manhattan Elevated than to the city's taxpayers.

ORDINANCE ON GAS TAX FUND GIVEN READING

ANAHEIM, Oct. 10.—First reading of an ordinance creating a special gas tax street improvement fund and passage of a resolution allowing the Southern Pacific to move tracks in two places from the right-of-way of Manchester avenue through the city were highlights of the city council meeting Tuesday night.

The gas tax fund ordinance will be rushed through as rapidly as possible since no funds may be drawn from the city's allotment of gas tax money until such a fund is created. It is being passed in compliance with state regulations and the fund will comprise all moneys received from the state by the city for street and road work of any kind.

The resolution pertaining to the removal of tracks was presented in complete form by the Southern Pacific, accepted and passed by the city council. It requests permission to move the tracks diagonally crossing Thalia and Broadway west on Broadway and to move the tracks crossing Walnut at the Manchester right-of-way north of Manchester.

The deep-well turbine pumps ran a total of 639 hours, 20 minutes during the month, pumping 6,563,874 cubic feet of water. The

water level in the city wells now stands at 143 feet, 2 inches. The welfare department reported 152 calls made with \$485 spent to aid 14 families representing 67 individuals.

Building permits last month broke an all-time record for Anaheim and Anaheim stood fourth in the state, according to Councilman F. A. Yungbluth. Fees brought the city \$520.24. The value of the permits was \$38,148, due largely to the high school construction work.

Eugenio Baldwin, of Long Beach, is asking, in the name of her parents, the sum of \$250 for damages from the city of Anaheim. She claims to have injured herself on a barbed wire at the city park last month. Police who were called to the spot claim the child was running through a hedge at the time. The city has turned the matter over to the city attorney for investigation.

FIREMEN GUESTS

GARDEN GROVE, Oct. 10.—A venison dinner was enjoyed Monday evening by members of the Garden Grove fire department when they were guests of Fire Chief E. J. Tobias, who entertained the group at the home of Mr. and Mrs. Rodney Collins on North Eighth street. Mrs. Tobias, Mrs. Collins and Mrs. Malcolm New assisted in the serving at tables which had been arranged out of doors.

Members present were J. A. Estep, Clyde Estep, Marion Umphress, Albert Simmons, Clair McConnell, Malcolm New, Jessie Garr, John Kolb, George Klunk, Clinton Bryan, Rodney Collins and E. J. Tobias.

RANGER GIVES PERTINENT ADVICE ON PREVENTION OF FIRE IN RURAL DISTRICTS

Warning that the fire season still is present, and that some of the most disastrous fires occur during the dry autumn months of low humidity, State Forest Ranger Joe Scherman, of Orange, today listed "do and don't" advice on fire prevention, as a reminder of national observance of fire prevention week, October 6 to 12.

The State Division of Forestry of Orange county is joining with the Federal Housing Administration and all other agencies in the educational drive against fires this week, he said.

Cooperation is needed in preventing fires in the rural areas as well as in the cities, said the ranger, who declared that in the unincorporated area of this county many fires start each year, causing thousands of dollars damage to farms, homes, commercial buildings, improvements, agricultural produce, range lands, forests and watersheds, and in some cases loss of life.

In rural areas where no fire plugs are at hand, and no water supply available for fire truck use, a cistern full of water would be a big help, said the ranger. Even a thousand gallons of water might be enough to save the home, he said. The trucks do not carry enough water for large structural fires after headway is gained.

Urge Fire Extinguishers

It is good sense to have fire extinguishers located ready at hand in or around all buildings, such as pyrene, soda and acid or foamite types. Owners should be familiar with their use and know which sort of fire each type is designed to control.

Some "do" advice issued by Ranger Scherman includes: dispose of rubbish, oil or greasy rags and papers. Keep all dry litter away from buildings. Vitally important is to see that electric wiring is in proper condition, and have a qualified electrician inspect it. There are many ways in which wiring may be faulty or defective. The electric iron accounts for 30 per cent of electrical fire losses each year.

The first thing, he said, is, when reporting fires, to remain calm, give your name, and the location of the fire correctly. In naming the street or highway on which it is located, give the name of adjacent well known highways leading to the fire. For example, if fire was on Buaro road, between Seventeenth street and Ocean avenue, it should be so described when reporting the fire. Otherwise the fire truck might travel the entire length of Buaro road before finding the fire.

Persons in rural areas depending upon the state trucks should keep handy a list of telephone numbers of the state fire stations: Placentia 5837 for the northern area of the county; Orange 72M for the central area, and Capistrano 51 (Capistrano 14 for night calls) for the southern area.

Urge Cooperation

"But we do our best to answer all calls and suppress all fires and all we ask in return is the cooperation of the public," he said. The individual may do a great deal to help protect his own property, Scherman pointed out.

LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes

Nature put over 15 miles of tiny tubes and filters in your kidneys to strain the waste matter out of the blood. Kidneys should pass 3 pints a day and yet get rid of more than three pounds of waste matter.

When the amount of water is scanty, with smarting and burning, the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of kidney trouble. Don't wait! Ask your druggist for DOAN'S PILLS, used successfully by millions for over 40 years. They give happy relief and help the kidneys to flush out 3 pounds a day.

If kidneys don't empty 3 pints a day and so get rid of more than three pounds of waste matter, the body may take up some of these poisons causing serious trouble. Don't wait! SAMMY SAINT WARMING UP ON THE TOUGH ONES

Nobody can accuse Sammy Saint, side to go the route, Larry Lutz, the man who came back, played the full 60 minutes in the California-St. Mary's game last week.

Whether by accident or design, Coach Bill Foote's high school football squad is taking on the toughest teams in Southern California pre-dominant, one after the other, and doing a right smart job of defending himself at that.

Sammy Saint teed off against Orange, always a contender in the Orange County league. His next out was against Muir Tech, champion of the Foothill league and an overwhelming favorite to repeat with an all-veteran lineup. Third was Ingelwood. I've since been told that Coach Dick Arnett believes he has a "team of destiny" counts on winning the Bay league title.

This week Santa Ana goes to Santa Barbara, always the dominating force in the northlands. Next week, the Saint path crosses with Long Beach, Coast League and Southern California champion. By then, Sammy Saint will be a hardened critter, ready for most anything . . . That's what Foote wants.

Norman Paul, captain of the National champion U. S. C. track and field team last season, now employed in the city's school administration, will be married October 26 to Miss Betty Smith.

Last week, Al Reboin was married to Miss Vera Levens. Turn

the calendar back to the spring of 1930; that was when Messrs. Paul and Reboin collaborated in bringing Santa Ana its first Southern California and state prep track titles.

Labor in a freight office during off-school hours has agreed with Lucien Wilson to such an extent that Coach Dean Cromwell has excused the former Don captain from fall track practice at S. C.

To strengthen his leg muscles, Hurdler Wilson runs from work to his apartment every afternoon.

...Santa Ana's warmest prep rivals, Long Beach and San Diego, have scheduled "intersectional" football games of more than passing interest. The Jackrabbits are bringing Fresno high school south Saturday. The Hillers go to Phoenix Ariz., November 1. The Saints are still toying with the idea of playing Taft but will await developments from their other games before attempting to close for the game.

SUGAR BOWL TEAMS TO GET CALL DEC. 2

NEW ORLEANS, Oct. 10.—(UP)—The Sugar Bowl Classic here on New Year's day will bring together the South's finest football team and another eleven to be chosen from the nation's outstanding teams.

The competing teams will be chosen Dec. 2, after Thanksgiving Day contests. The Sugar Bowl game is the highlight of the New Orleans Mid-Winter Sports Carnival extending from Dec. 28 to Jan. 8.

An assortment of amateur events, including a championship basketball tilt between Pittsburgh and Louisiana State universities, will be offered.

Forty-two invitations have been sent to America's leading track athletes for an outdoor meet, according to Warren V. Miller, president of the Mid-Winter Sports association.

The track meet will include the 75-yard dash, quarter mile, half mile, one mile and two mile runs; high hurdles, shot put, and hop, step and jump. These events will be held in Loyola University's stadium.

Twenty-three thousand persons paid to see Tulane beat Temple, 20-14, in the first Sugar Bowl game here last New Year's. The association sponsoring the second annual event has raised \$30,000 and expects a greater attendance next January.

PASS-CATCHING END LOST FOR RIVERSIDE FRAY

There's no accounting for football tasters. When the University of Southern California fresh played here two years ago the receipts grossed \$704. When they played here last Friday, bringing along the best Tro-babe aggregation in the past decade, they drew almost a hundred dollars less, \$61 to be exact. Times and teams are better, but for some inexplicable reason the hard-boiled fans just wouldn't respond. More than one optimistic soul predicted a \$1000 gate. Now it looks like the Santa Ana-Riverside conflict will do better box-office than the Dons and Fresh. Reason: Riverside will bring along a large and loyal following. Few S. C. freshmen followed their team here.

Video Higashi, blocky little Japanese halfback from Santa Ana, made San Diego State's touchdown against Santa Barbara in a Southern California conference game last week. He was knocked out later in the struggle and until yesterday it was believed he had suffered broken ribs and would be out of Saturday's joust with Oxy. But X-rays showed the ribs only bruised.

Cauliflower ears have gone out of style at Santa Ana high school. The Saints will not have a wrestling squad this year, other than for intra-team competition. Last year the Saints' grapplers finished fourth in the Southern California interscholastic tournament . . . Handball will be emphasized at the Y. M. C. A. if the community chest reaches its goal. The present court will be enclosed, and another court added . . . The Trojans have moved big Joe Prentinger, ex-Saint, back to standing guard after giving him a chance at left tackle for one quarter of the Montana game.

drawn from the up-county institution and returned to the beach city school to complete his graduation requirements.

Bolton, six-three and 190-pound tackle who broke a finger in the Don-U.S.C. freshman game, was feared lost for the Bengal tilt prior to late yesterday afternoon when medical examinations revealed that much of the swelling had gone down and that the injured digit was sufficiently healed to enable the towering lineman to play. Bolton will wear an aluminum cast over the broken member, the little one on his right hand.

Coaches Cook and Al Reboin have been drilling their men overtime this week in preparation for tomorrow night's crucial contest. Every day has found the Dons practicing well on toward 7 o'clock under the floodlights.

At the kick-off there may be two important changes in the Jaycees starting lineup: (1) Alvin Lamb at the halfback position with Walt Hickman being shifted back to fullback where he operated in the Pasadena and Pomona contests. Lamb, a good blocker and capable defensive man, caught a pass for a touchdown against Pasadena. If this change is made, Fullback Dick Moore will be reserved until late in the first quarter. When he comes in Hickman will go back to left half. (2) Burly Bob Holmes, guard who has been used at center for the past two weeks, or Anaheim's Lee Minder may start at center with Bob Spray returning to left end.

Frances Willard junior high school's first 1935 football contest ended in a 6-0 defeat yesterday when the Class is team of Newport Harbor high school put over a touchdown in the third quarter on a 10-yard run by Quarterback Houn. The game was played at East Polk field.

Coach Arnold Lund used nearly every member of his Willard squad, and the Indians showed up well on defense. Ray Mercado and Charles Rice were outstanding in the line, with Barnes starring in the backfield.

Frances Willard will meet Brea next week. The lineup:

WILL BE FINAL
GUEST SPEAKER

RADIO FEATURES

Presenting songs and a complete scene from his first Hollywood feature, "Stars Over Broadway," James Melton, outstanding radio tenor, will be the guest artist of the Atwater Kent program with William Daly's orchestra over KHJ at 5:30 this evening.

Speaking on "Success," Ernest H. Layton, Santa Ana councilman and chairman of the speakers' bureau of the Santa Ana Community Chest, will address citizens of the present series from KREG at 8:30.

Musical selections will include "A Perfect Day" by Carrie Jacobs Bond, and "Onward-Upward."

In cooperation with the local Community Chest organization, KREG has given the use of its facilities for 16 broadcast periods. Tonight's broadcast culminates this series, arranged and produced by Glenn O. Everman, and dedicated to the theme of "Be a Good Neighbor."

'SWEETHEART' SINGS TO WIDE AUDIENCE

Responding to an appreciative audience in Upland, Los Angeles and various parts of Orange county, Thelma Jones, the "Western Sweetheart," will sing more of the favorite old songs tonight on KREG at 8 o'clock.

"Waiting at the End of the Road," "Rainbow's End," "When You Wore a Tulip," "Strawberry Roan" and "Wonder Valley" will be included in her program.

She is programmed every Tuesday and Thursday at the same hour.

HUMAN INTEREST IN 'ABOUT YOUR HOME'

Another of that "About Your Home" talks, prepared by Mary L. Miner, head of the Women's Division of the Federal Housing Administration for the Southern California District, will be broadcast from KREG tomorrow morning at 11 o'clock.

The broadcast will comprise a human interest story of how a clever woman modernized her home, completely remodeled inside and out for \$840. The changes in the house, built in 1909, included decreasing the size of the dining room, increasing the size of the living room, replacing lighting fixtures, fireplace and floors.

The "About Your Home" broadcasts are scheduled each Tuesday and Friday at the same hour.

County Bean Growers Expect Increase In Prices

THRESHING IN LOCAL FIELDS NEARLY ENDED

Prevention Saves Loss From Fires

With the bean threshing season in Orange county virtually completed, growers today were looking forward to a steady increase in the market price for their beans.

According to local bean growers, the rise in prices is anticipated because of the extensive damage done to lima beans by the recent hot weather. A shortage in supply for the market is anticipated, which is expected to result in an increase in the market price.

The situation in Orange county is similar to that in other Pacific Coast areas where lima beans are grown, growers said, a shorter crop than normal being in evidence in all coastal sections. It was estimated that the crop will run from 20 to 25 per cent below normal.

Losses Run High

Crop losses in some sections will run as high as 40 per cent, growers declared it has been learned since beans have passed through warehouses and are ready for the market. Damages to the beans showed up more clearly when the beans were taken to warehouses for cleaning and grading.

In the Ventura section, it was reported, the heat damaged limas and the damp weather also was responsible for heavy losses in yield. In this section it was estimated that the yield will be 15 per cent below last year.

It seemed doubtful if growers, under present prices, will show a profit this year, according to growers.

Foreign Policy To Be Discussed At School Tonight

Dr. Malpone W. Graham, of the University of California at Los Angeles, will appear this evening on the Adult Education lecture course program at 7:30 o'clock in Willard Junior High school, on North Ross street, according to announcement by Mrs. Golden Weston, director of the Adult Education department.

His subject will be "The American Foreign Policy In the Making."

Club to Elect Officers Oct. 22

SAN CLEMENTE, Oct. 10.—Election of officers of the Men's club was set for October 22 at this week's meeting of the group. Roy Strang, president, presided.

Plans were completed for the next club dance, the Social club-house October 26. The dance will be a Hallowe'en costume affair.

After the business session refreshments were served and card games were played. An entertainment program is scheduled for the following meeting and will allow the election of officers.

ENTERTAINS OFFICERS

BUENA PARK, Oct. 10.—Mrs. Alma Galleher, worthy matron of the Eastern Star, entertained her officers and substitutes with a luncheon and afternoon of court whist at Hughes' cafe in Fullerton recently. In the party were Mrs. Vida Snell, Mrs. Ruth Abplanalp, Mrs. Lucy Seims, Mrs. Ruth Hunt, Mrs. Ilian Shaw, Mrs. Florence Thompson, Mrs. Ellen Nelson, Mrs. Edith Mann, Mrs. Mae Mennen, Mrs. Georgiana Boyd, Mrs. Willis Ann Allin, Mrs. Pauline Henderson, Mrs. Emily Warren, Mrs. Emma Brenner, Mrs. Jennie Page, Mrs. Wanita Snyder, Mrs. Geneva Greenwalt, Mrs. Esther Winters, Mrs. Dorothy Kilkour, Mrs. Ruth McLaughlin, Mrs. Marie Malott, Mrs. Harriet Albright, Mrs. Maude McCann, Mrs. H. Mrs. Elizabeth Cooley, below, who was the first woman to serve as a legislator in the nation, also was instrumental in drafting the nation's first child labor law in Wyoming. She has been a resident of California for more than a quarter of a century, living in Long Beach before coming to Costa Mesa.

CYPRESS TEACHERS RECEPTION GUESTS

CYPRESS, Oct. 10.—Cypress teachers were guests of honor at the annual P.T.A. reception held Tuesday night at the La Rue building. The group includes H. O. Boos, principal and eighth grade instructor; J. W. Utter Jr., Miss Lorena Hardisty, Miss Elizabeth Dickerson, Miss Marie McGinnis, Miss Jean Hoyt and Miss Dorothy Hanna.

A variety of games and races followed a program of dancing and musical numbers. Refreshments were served by the hostess committee.

Announcement was made of the annual P.T.A. membership drive now in progress. The various school classes will hold a contest for the attainment of the most members.

P.T.A. officers for the new year are Mrs. La Rue White, president; Mrs. Dan Mackay, vice president; Mrs. M. Williams, secretary, and Mrs. M. Colburn, treasurer.

Meetings are held the second Tuesday afternoon in each month and will be held in the eighth grade class room until the completion of the new school, when meetings will be held in the auditorium. Parents and friends of the school are invited to attend the P.T.A. sessions.

E. J. Tobias, chairman of the committee to investigate the possibility of entering some plan for attracting trade to the community on Saturday evenings, reported on a plan similar to the trade expansion campaign being put on by Anaheim merchants. No action was taken.

Secretary R. E. Johnson reported he had interviewed Supervisor J. C. Mitchell in regard to having signs placed at the Manchester and Euclid intersection and at Harbor and East Garden Grove boulevard, directing traffic to Garden Grove. Johnson reported that Mitchell had promised to look into the matter. Charles Simpson, president of the local Lions club, announced the Lions were working on the same problem.

Upon suggestion of E. J. Tobias the secretary was instructed to contact business men for funds to hire an extra man as night watchman on Hallowe'en night.

PLAN HALLOWE'EN PARTY

WESTMINSTER, Oct. 10.—The annual Hallowe'en party of the Young Matrons' club of the Presbyterian church was arranged at a recent session of the club, plans calling for the holding of the affair at the church hall, with Mrs. Bertha Hylton in charge of arrangements. This will be a costume party.

A pot luck dinner was planned for the November meeting, to be held at the church hall with Mrs. E. Tretton and Mrs. Bertha Hylton as co-hostesses.

FIRST WOMAN LEGISLATOR AND SPONSOR OF CHILD LABOR LAW NOW RESIDENT OF COSTA MESA

By MARAH ADAMS

Little children toiling in coal mines, in sweatshops, or in mills until their baby bodies dropped with fatigue, had the first steps toward emancipation from child labor, taken for them by a woman who lives within a few miles of Santa Ana. This woman not only was the first in the United States to sponsor a child labor law, but she also has the distinction of being the first woman in the nation to be elected as a member of a state legislature.

Meet Mrs. Elizabeth Cooley, of Albert Place, Costa Mesa, elected to the Wyoming legislature in 1896 and who, following her election, took immediate steps toward the passage of a child labor law which would relieve children under 10 years of age of working in the mines of that state. Mrs. Cooley chose the mature age of 10 years, because the idea was so new, so untried and met with so much opposition, she dared not set a higher age as the limit for child labor.

Serves Government

Wyoming, says Mrs. Cooley was the first state in the Union to adopt woman's suffrage. Following her term in the legislature, Mrs. Cooley was connected with the Department of the Interior at the national capital, establishing diplomatic relations with the Indians whenever trouble arose on the reservations.

As a young girl Mrs. Cooley was a reporter on the New York Sun where her brother also worked. She was one of the first workers in Washington, D. C., to use a typewriter, a clumsy machine at the time.

In addition to her own family of a son and daughter, Mrs. Cooley adopted and educated four boys in whom she became interested.

All four of them were graduated with honors from Harvard university, and all four were killed in action in the World War.

One of her adopted sons, Mrs. Cooley took from the Belknap reservation in Northern Montana, where she had been sent to straighten up a tangle which had resulted in the suicide of the major commanding the fort at this place. The lad was Guy Powderface, of the Grosventre tribe. The Assiniboin and Grosventre Indians on the reservation named Mrs. Cooley "White Swan."

Runs Away To School

Brought up in New York state, Mrs. Cooley as a very young girl, nine years of age, showed remarkable initiative and determination when she ran away to attend a girls' school to which her cousin had been sent. Mrs. Cooley's father, a wealthy man and the owner of 15 large sawmills, did not believe that girls should be educated to any great extent, so the young "Lizabet," as she was called, slipped through a window with her best dress under her arm and made her way through snow covered fields and roads to the school 40 miles distant. It is almost needless to say that she had her wish and remained to finish the course at the school.

Mrs. Cooley lives quietly in an attractive little home where she does not dream of an interesting and colorful past, but rather is keenly interested in the present and in young people and their problems.

CLUB DELEGATES NAMED

OCEANVIEW, Oct. 10.—W. T. Vandruff, president of the Oceanview Townsend club, was voted the local delegate to the national Townsend club convention in Chicago this month at Tuesday evening's club meeting.

Jackson's talk will deal with county law enforcement, in which connection he will explain the use and operation of modern equipment installed at his office for policing the county. Captain Portus stated that in addition to the address of the evening, there will be a brief business session dealing with community projects in the South Laguna district.

CHORUS PLANNED

OCEANVIEW, Oct. 10.—A P.T.A. chorus is being organized here under the direction of Paul Beatty of the local faculty, who will meet with the group each Thursday afternoon. All women interested are invited to join the chorus. The rehearsal hour is set for 4 p.m.

SHAKESPEARE FANTASY FILM IS REVIEWED

The board of motion picture review of the California Congress of Parent and Teachers today released its comments on Shakespeare's "A Midsummer Night's Dream," as directed by Max Reinhardt, through Mrs. M. W. Hollingsworth, motion picture chairman of the Santa Ana P.T.A. council, as follows:

"A Midsummer Night's Dream," directed by Max Reinhardt, with Ian Hunter, Verree Teasdale, Hobart Cavanaugh, Dick Powell, Ross Alexander, Olivia de Havilland, Jean Muir, James Cagney, Frank McHugh, Joe E. Brown, Anita Louise, Otis Harlan, Arthur Treacher, Victory Jory and Nini Theilade:

"Lovers of Shakespeare will find a rare treat in store for them in the long-heralded Reinhardt production of "A Midsummer Night's Dream." To the technical staff—art and musical directors, costumers and cutters—goes much of the credit for the picture.

Supber Dance Numbers

"Several superb dance numbers by Nijinsky have as their premise danseuse a French woman, Nini Theilade, whose exquisite work is comparable to that of Pavlova. The wraith-like quality of the dream sequences is a supreme achievement for Photographic Hal Mohr and his assistants, and does much to further the gossamer effect of the production.

Magnificently cast are Mickey Rooney, Puck; Anita Louise as Titania and Victor Jory as Oberon.

Cast Is Given

The mortal lovers, Lysander and Hermia, Demetrius and Helena, are Dick Powell, Olivia de Havilland, Ross Alexander and Jean Muir; while Ian Hunter as Theseus, and Verree Teasdale as Queen of the Amazons are excellent in their roles.

"The mummers' parts are effectively taken. James Cagney is a picturesque Bottom, his action arising at times to fine emotional heights. Joe E. Brown brings his qualities as a comedian to the part of Flute, while the roles of Snug, Snout and Starveling are efficiently taken by Frank McHugh, Dewey Robinson, Hugh Herbert and Otis Harlan.

"So noteworthy are direction and production that the component parts of the film combine to form an inspired ensemble, a film classic, that should prove delightful to young and old, to scholar and layman alike."

Tickets For Local Drama Now On Sale

Distribution of season membership tickets for Community Players' association was effected today by Burr Shafer, business manager for the governing board of the association, and members were informed that reserved seats will go on sale at once at Santa Ana bookstore for the opening production, "The Bellamy Trail."

The play, opening Tuesday night, October 22 in the Superior court room where Judge James L. Allen presides, will continue each night of that week. The long run is made necessary in order to permit patrons to see the play, as it has been estimated that no more than 500 persons will be able to be accommodated during the entire five nights' production.

Because of limited seating space, holders of season tickets are informed that early reservation of seats is advisable. There will be no box office sales as is the case when plays are given

Preliminary Plans For Day Nursery Party Are Outlined

Initial plans which promise to develop into one of Ebell societies really big parties, were laid yesterday morning at a meeting of the Day Nursery board of the society, called by the chairman of the board, Mrs. C. K. Dodds, 1211 North Main street.

This gala affair, for which the date of Monday, October 21 has been reserved, will be open to the general public and will be staged that evening, beginning at 7:30 o'clock, in Ebell clubhouse. Mrs. Dodds and her co-workers on the board, Mesdames Herbert Rankin, A. G. Flagg, James Irvine, T. R. Trawick, Leonard G. Swales, Dean De Waynick, C. J. Klatz and Hugh Gerrard, made their preliminary plans in some detail, and at a meeting called for next Tuesday morning, will complete arrangements. This meeting will be held at 9:30 a. m. and will be in Mrs. Dodds' home.

Bridge enthusiasts will not be the only ones whose tastes will be consulted in planning for the party. For while ample provision will be made for them in the peacock room, those liking entertainment of different form will find their wishes gratified in the lounge, where a program will be presented.

Mrs. Dodds as chairman of tickets and reservations, will be in charge of Mrs. Flagg and Mrs. Irvine. Mrs. Flagg will have charge of prizes and publicity; Mrs. Swales and Mrs. Trawick of the lounge program; Mrs. Gerrard of refreshments; Mrs. Klatz of card tables and chairs; Mrs. Waynick of table covers and games equipment, and Mrs. Rankin of decorations.

The Day Nursery will be the beneficiary of the party, for needs there are always pressing. Just at present there are insurance and property repairs. Christmas will bring additional demands, for Ebell women always plan a special celebration for the small patrons of the nursery. It is hoped to have the forthcoming party on such a large scale that sufficient funds will be amassed to take care of all these needs.

Calumpit Auxiliary

Calumpit auxiliary U. S. W. V. Sewing circle entertained a number of guests yesterday during an all day session in the home of Mrs. Albert Dresser, 1558 French street.

Autumn flowers served as decorations at the noon hour, when covered-dish luncheon was served. Members spent the day sewing.

In the luncheon group were Messrs. and Mesdames W. R. Dubs, Charles Winter, J. W. Isbell, H. C. Moberly, Harry Cook, Charles E. Dixon, John Markwalder, Albert Dresser, Arthur Randal; Mesdames Lulu Chatlain, Alice Gay, Marie Lindquist, Col Showalter, Katherine Reagan; the Misses Mabel Dixon and Helen Dilley and William Brown.

On the hostess committee were Mesdames Dresser, Dixon, Moberly and Reagan.

SEDGWICK W.R.C. STAGES GALA GOLDEN CELEBRATION

"When you and I were young, Maggie" might well have been the theme song for the 50th anniversary celebration which Sedgwick Women's Relief Corps yesterday staged in Knights of Pythias hall. For days when as young wives of Civil war veterans, they formed the Corps in this city, were recalled, not only in reminiscences and program, but by gowns worn by members of the Pioneer club of the organization.

Pythian hall was decked in yellow and Mrs. Bressler, Anaheim. It was regretted that the one living charter member of Sedgwick colors, and the platform where Mrs. Geraldine Beall, president, and honor guests were seated, blazed with baskets of flowers in which the colors predominated.

A handsomely bound guest book was in charge of Mrs. Lena Hewitt, and as guests registered, they were presented with souvenirs badges of gold satin ribbon.

Mrs. Beall had delegated program plans to Mrs. Estelle Gray, past president, past department president and founder of the country federation W. R. C. Allied patriotic orders showed interest by contributing program numbers which followed formal welcome with ceremony by Mrs. Beall.

Miss Carrie Seaton of Sarah A. Rounds tent, Daughters of Union Veterans, introduced that group's program feature, the Leland Ameri-trumpet quartet from Santa Ana High school. The young men, Kenneth Crist, announcer; Glenn Cave LeRoy, Wells and Milton Asher, were received with enthusiasm in their numbers, "Love's Tomorrow," "Sing Me a Chantey With a Yo Heave Ho," and for encore, "We've

Music History

Mrs. Emma Mosbaugh gave a history of the founding of Women's Relief corps and then told of the founding of Sedgwick corps and the part it has played in the patriotic orders of the community.

Nine past presidents were led in grand march by Mrs. Viola Fippa, who served in 1918, the "World war year." Others were Mesdames Kate Sutton, Elizabeth Birkhead, Sarah M. G. Brown, Clara Wedgewood, Estelle Gray, Ida Milen, Lula Hall and Julia Cozad.

Whittier W. R. C. gave an impressive drill with Mrs. Mary Mitchell as drill master, and Mrs. Virginia Jones, 82, pianist. They ended by forming the figures 50, and the letters W. R. C.

An entertaining reading in German dialect by Mrs. Sarah Brown was the contribution of Shiloh circle, Ladies of the G. A. R., as were two charming solos, "Aunt Dinah's Quilting Party" and an encore, "Love's Old Sweet Song," by Mrs. Lula Blacketer with Mrs. Lula Hall as accompanist.

Those meeting with Mrs. McDowell this week were Mrs. Hayden, Mrs. Terry and Mrs. Alvin Stauffer.

Plans for the dance will be rounded out at individual committee meetings to be called by the chairmen.

Impromptu features were several poems, including "Grandmothers" by Mrs. Guler of Orange, read by Mrs. Minnie Higgins of Huntington Beach, and verses written especially for the day by Mrs. Nellie King, a past president, read by Mrs. Bertha Thompson.

Congratulations from Sons of Union Veterans were expressed by C. F. Miller, department officer who presented a handsome basket of flowers to Mrs. Beall and the corps. Mrs. Luella Hill of the Daughters of Union Veterans, of which Mrs. Beall is member, produced a similar basket with good wishes of her order, and Mrs. Esther Hendrickson of V. F. W. auxiliary, brought congratulations from the auxiliary.

Civil War Comrades

Special guest honors were accorded three Civil war veterans, Comrades Stukley and Van Eaton of Fullerton and David Reed of Whittier. At the refreshment period, they were escorted to the dining room by Sons of Union Veterans. Members of the Pioneer club followed, wearing elaborate costumes of many years ago, in which they looked very charming indeed.

Pioneer club members are those who have been identified with W. R. C. for 25 years or longer. Four of the officers were present, Mrs. Emma P. Mosbaugh, president; Mrs. Sarah Alford, vice-president; Mrs. Abbie Vandermast, chaplain, and Mrs. Annie Arnold, patriotic instructor.

Others present were Mesdames Joanna Cole, Rosa Diers, Lydia Flipp, Kate Hendricks, Clara Hoff, Hannah Huntington, Fanlie Newman, Marietta Philipe, Martha Beall, Maude Wallace and May West from the Sedgwick Pioneer club.

Pioneer members from other corps included Mesdames Gretta Lockey and Valaria Stanley, Brea; Frances State, Stetia Reed, Nona Cox, Minnie Davis, Mabel Johns, Whittier; Rosa Lewis, Mary Beach, Kate Markham, Fullerton.

EAT AND GROW SLIM

Breakfast
4 tablespoons green apple sauce, saccharin-sweetened
1 slice toast
1 poached egg
1/2 teaspoon butter for toast
1 cup coffee with 1/4 cup hot skimmed milk
Calory total, 305.

Those who use these slimming diets will find it to their advantage to prepare in reasonable quantity such things as apple sauce sweetened with saccharin, mineral oil salad dressings, commonly called "diet dressings," and so on.

TODAY'S RECIPES

Mrs. Dudley's Orange Bread
Part I
2 oranges, peel finely ground and put in cup with Raisins and chopped nuts to fill the cup

Part II
Put juice of 2 oranges in a cup. Fill cup with boiling water and add 1 level teaspoon soda

Part III
1 egg, well beaten
2 cups flour sifted with 1 teaspoon baking powder
2 tablespoons melted butter
1 teaspoon salt

Start with third part: sift flour, salt and baking powder into a bowl, make a depression in flour and drop in the beaten egg and melted butter, then use part II to mix the dough, gradually working in part I. Pack the dough into a bread tin and bake in a moderate oven 40 minutes.

Ready Canned Dried Prunes for Breakfast

Possibly you have some fruit syrups left over from canning peaches, pears, cher-

ries, and so on. If not, buy a gallon can of pineapple juice and add to it the juice of 2 lemons. Wash any quantity of dried prunes you wish, put into the juice, cover and place in the refrigerator for a couple of days to plump up. Then bring to a scald and seal in clean hot jars.

TOMORROW'S DINNER FOR TWO

Veal and Vegetable Pot Pie
Pear Salad with Cottage Cheese Dressing and Crisp Crackers
Hot Caramel Cup Custard
Coffee

Market List

1/4 pounds veal for stew, 1 box prepared biscuit flour, 1 bunch carrots, 1 head celery, 1 pound cottage cheese, eggs, staples as required, including milk and cream.

Dinner Preparation

The evening before this dinner, wash the veal and dredge with flour, fry it in a golden brown, cover with water and simmer until tender. Next evening the vegetables can be cooked and added to it (tomatoes, peeled diced Danish squash, carrots and celery). Thicken the gravy slightly and make up a cupful of biscuit dough, roll thin and cover top with biscuits. Bake in a fast oven. Slice fresh pears for the salad, combine half of the cottage cheese with mayonnaise for dressing.

Hot Caramel Custard for Two: In a skillet brown 2 tablespoons of brown sugar until you have a syrup. Divide this caramel between 2 buttered custard cups or one small baking dish. For the custard combine 1 cup top milk with 5 tablespoons sugar, pinch of salt, and some vanilla. Beat 2 egg yolks and 1 egg white to a froth, add to the milk and bake custards, with cups in a pan of hot water. Cover top with a pan of hot water and you can use your hot oven for both biscuits and custard. Watch it carefully, if it "leaks" at the side, remove from oven at once.

Ready Canned Dried Prunes for Breakfast

Possibly you have some fruit syrups left over from canning peaches, pears, cher-

ries, and so on. If not, buy a gallon can of pineapple juice and add to it the juice of 2 lemons. Wash any quantity of dried prunes you wish, put into the juice, cover and place in the refrigerator for a couple of days to plump up. Then bring to a scald and seal in clean hot jars.

PATTERN 2490

By ANNE ADAMS

The youthful charm of this blouse and skirt ensemble presents a practical aspect as well, for each may be worn separately. Light-colored crepe or satin will make a lovely blouse as you've ever owned, and it does away with intricate seaming by cutting sleeves and deep yoke in one. A tailored, perky bow-tie perfectly complements the feminine detail of graceful sleeves and softly gathered bodice. Two wide pleats in the simple skirt provide easy "give" when you walk. Make the skirt of dark wool, crepe or velveteen, or fashion the entire ensemble of one fabric.

Pattern 2490 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 42. Size 16 takes 2 1/8 yards 39 inch fabric for skirt, and 2 5/8 yards for contrasting blouse. Illustrated step-by-step sewing instructions included.

UNION NAMES DELEGATES TO STATE MEETING

W. C. ARMSTRONG ELECTED AS PRESIDENT OF FARM CENTER; BUREAU ACTIVITIES REVIEWED

VILLA PARK, Oct. 10.—W. C. Armstrong was elected president of the Foothill Farm center at a meeting held last night at the Villa Park hall. He succeeds Frank H. Collins, who presided at the session. Other officers are: Vice president, J. A. Porter; director, R. W. Hull, and secretary and treasurer, George Smith. The report of the nominating committee was given by L. A. Bortz. Other members of the committee were August Heinemann and Royal Mueller.

ORANGE, Oct. 10.—Plans for attending the W. C. T. U. state convention at Riverside and the election of delegates to represent the Orange union featured a meeting of the W. C. T. U. held Tuesday in the First Baptist church. Mrs. Minnie Neville and Mrs. Pearl Kendall Hess will represent the Orange group as delegates at large. Other representatives selected were Mrs. Angelina Courtney, Mrs. Gilbert Scriven, Miss Leah Fernald, Mrs. Mary Gross and Mrs. J. E. Park. As the union is entitled to seven delegates other than Mrs. Neville and Mrs. Hess, two additional delegates will be selected the first morning of the convention, which opens October 22 and closes October 25.

A large number present signified their intention of attending the breakfast which opens the convention at 8 a. m. at the Mission Inn at which Mrs. Ida B. Wise Smith, national head, will be present. Mrs. Margaret McClellan was appointed to make a white satin banner with orange lettering to be used at the convention.

Plans were made for an exhibit of newspaper clippings concerning work of the local union at the state convention. Two years ago the Orange union was awarded first prize for publicity in the state.

Roll call was answered with articles on temperance questions. Mrs. J. E. Park conducted the devotional service from the topic, "Mirrors." Mrs. H. F. Sheerer gave the closing prayer. Mrs. C. A. McGill sang "Pure White Ribbon," responding with an encore.

Work for the coming year will come before the union at a meeting to be held November 12 in the First Baptist church. Mrs. Pearl Kendall Hess will tell of proceedings at the national convention which she attended. A number of reports of the county convention at Santa Ana were presented.

HOLD LAST RITES FOR FRANK HOSKIN

ORANGE, Oct. 10.—Funeral services were held Wednesday afternoon at C. W. Coffey chapel for Frank O. Hoskin, 80, who passed away Monday at his home at 373 South Grand street.

The Rev. Franklin H. Minck, pastor of the First Christian church, of which the deceased was a member, conducted the rites. Mrs. Leon Das Larez and F. G. Owings sang "Abide With Me" and "Jesus, Savior Pilot Me." They were accompanied by Miss Leota Isagie, organist.

Pallbearers were F. L. Ainsworth, J. M. Nordeen, W. N. Whitney, J. D. Ditchey, W. W. Perry and C. M. Holt. Interment was made in Fairhaven cemetery.

Mr. Hoskin, a native of Iowa, had resided in Orange for the past 13 years. He is survived by his widow, Della Hoskin; one son, Lyle A. Hoskin, of Orange; a daughter, Mrs. Retta Putnam, of Long Beach, and seven grandchildren.

Club Entertained By Mrs. Burnette

ORANGE, Oct. 10.—Mrs. Donald Burnette, 804 East Walnut avenue, was hostess recently to members of the Kith and Kin club, serving a delectable luncheon at noon. Fall flowers were used in decorating and the afternoon was spent at needlework. During the afternoon a silent tribute was paid to one of the members of the club who passed away recently, Mrs. Sadie Hanger.

The next meeting of the club members, all of whom are relatives, will be held in the home of Mrs. P. L. Etchison, in Santa Ana.

Present were Mrs. P. L. Etchison, of Santa Ana; Mrs. Ray Valentine, of Corona; Mrs. Vernon Valentine, Mrs. Orio Hobbs, Mrs. Earl Hobbs, Mrs. J. D. Perry, Mrs. R. S. Frye, Mrs. William Waechter, Mrs. Herbert Timme, of Nuevo, and the hostess, Mrs. Burnette.

The keeper of the dogs soon came and said, "It really is a shame if all these dogs are scaring you. I'll stop the barking, now."

"They like small girls too well, I fear. They barked 'cause they are glad you're here." Then Dotty said, "We're sorry if we caused this awful row."

"Oh, I am thinking, girls, of you. To me this barking is not new," the kindly fellow answered. Then he loudly shouted, "Stop!"

"You've made enough noise for one day. You'll drive these little girls away. Just wag your tails and to the bottom of your cages drop."

They all obeyed the man except one. "Oh, he just thinks that barking's fun," said Goldy. "I will pat him. Maybe that will make him quit."

She reached right in and stroked his head, and Dotty very shortly said, "Oh, gee, that sure tickled him. He seems real fond of it."

Just then the Tiny boys rushed in and Copy shouted, with a grin, "We had fun on the ferris wheel, though it gave us a scare."

"As soon as we were in the car, it slowly took us way up far. The things down here looked very tiny from high in the air."

"And now, girls, come with us and you will see all of our hopes come true. We're headed for the pumpkin booth. You'll get a big surprise."

"One of the pumpkins we brought here will fill our farmer friend with cheer. It's won a ribbon 'cause it is the very largest size."

They rushed right to the pumpkin booth and found that Copy told the truth. A judge stood by.

ELKS OFFICIAL SPEAKER FOR S. A. LIONS CLUB

Declaring that Communism was eating at the roots of the government and charging that the entire fault was at the doors of Americans who were too lazy to do anything about it, by their failure to exercise their rights in the voting booths, C. P. Hebenstreet, general manager for the Wilshire Oil company of Los Angeles and past district deputy of the B. P. O. Elks, delivered a forceful address today before the Santa Ana Lions club.

Hebenstreet linked the Lions and Elks together in a single purpose, that of making the country a better place in which to live and then launched into an informative talk against Communism, pointing out what had been done against the government and what agencies had been used to combat the menace.

He read from Hamilton Fish's report to Congress on the conditions in Russia to the effect that 6,000,000 persons had died of starvation there in 1933, remonstrating that the report was authentic in every way and that it represented the findings that cost the government \$2,500,000.

Gives Figures

He pointed out that the danger did not lie in the fact there were only 22,000 Communists in the United States that are registered but the campaigns this number put on and the results they got. He pointed out that Leo Gallagher, defender of Communists in California received 200,000 votes when he ran for office here a few years ago.

He produced magazines and pamphlets which had been taken in raids on Communists' headquarters and exhibited them. He showed papers distributed among the Negroes of the South, telling them that they should set up a government of their own, that they were being enslaved by the rich whites. He told of plans being carried out in the South "for the protection of the black woman," not the white woman.

He gave detail after detail of the inner workings of the Communist organization in America, and then appealed to the Lions not to look askance at things they heard about Communism in America but to do something about it.

Organizations Working

Hebenstreet told the Lions it was his first appearance before them as a speaker and brought the message that the Elks lodge had taken up the battle against Communism and was working with the government, the American Legion and other organizations for stamping it out of this country.

The meeting today was in charge of Don Jerome, exalted ruler of the Elks lodge here.

Announcement was made that the Lions club would attend in a body the Community Player's play, "The Bellamy Trial," in a superior court room here on the night of October 24.

Birthday greetings were given Lions today in a program which had been postponed numerous times. It was a farce conducted by Lyle Anderson, Frank West, Earl Abbey and Joe Peterson.

Negotiations For Sale Of Laguna Site Under Way

LAGUNA BEACH, Oct. 10.—Negotiations for the purchase or lease of a large business lot, located at the southeast corner of Ocean avenue and Beach street, adjoining property of the Laguna Beach Community players, are under way, it was learned today in local business circles.

James M. Murphy, 290 Ocean avenue, is the owner of the lot. Details regarding the deal have not been revealed.

Life Insurance Men Of County To Meet Monday

The regular monthly meeting of the Orange County Life Underwriters association will be held next Monday night at 6:30 p. m. at the Green cat cafe, Santa Ana. It will be a dinner meeting.

George W. Ayars, a leading underwriter in Los Angeles, associated with the Travels Insurance company, the speaker, is a specialist on tax and estate service matters. His subject will be "Unscrambling the Tax Problem."

"In view of the timely subject, the local Underwriters association is inviting the general public, who may be interested in the subject," Rollo R. Hayes, Jr., secretary, said today. "Wives and members of the underwriters' family are also invited. The musical program for the evening will be Maurice Phillips, soloist, accompanied by Miss Esther Vogt."

"It will be necessary to make reservations through Hays, 408 North Sycamore, phone 765, not later than Monday noon, he said.

SHE REALLY WANTS TO BE DIVORCED

Although she already holds an interlocutory decree of divorce in Orange county, Mrs. Mildred Irene Kewish, of Fullerton, has filed another divorce suit in Reno, Nevada, against John Howard Kewish according to a news dispatch from the Nevada divorce center today.

Mrs. Kewish obtained the interlocutory decree here last February 1. It will become final next February 1, so that she will have about three and a half months to wait for that to transpire.

The only explanation that court attaches here could offer for her action in seeking another and apparently superfluous divorce, is the possibility that she did not desire to wait the three and a half months.

Having apparently established the necessary six weeks residence in Nevada, before filing suit there, she can have her case heard and a final decree granted within a few days.

The local divorce was granted on charges of cruelty. At Reno Mrs. Kewish charged desertion.

CATTLE RUSTLING SUSPECT ARRESTED

Following the arrest of Hubert Wilcox, 24, of Westminster by Ontario officers in connection with cattle rustling in that section of Los Angeles county, deputy sheriffs here were today planning to question him regarding several thefts of cattle here during the past several months.

Officers at Ontario believe they have broken up cattle thieving in that section with the arrest of Wilcox and Dee Harris, 25, of Bellflower, asserted leader of the gang.

Both are being held in the Ontario jail pending a hearing at Chino, in lieu of \$2000 bail set in their cases.

Arrest Made In Burglary Case

Alleged to have confessed that he was the burglar who had broken into several fruit and vegetable stands on Highway No. 101 near Ross street intersection, recently, Warren McDonald, an itinerant, was booked at the county jail yesterday by officers of the sheriff's farm detail. He is booked for vagrancy.

The man admitted to officers, they said, that he had been in four jails prior to his visit to the Orange county jail.

RULER ASKED TO FLY BACK FROM LONDON

(Continued from Page 1)

II, King of the Hellenes, has wandered in exile through the capitals and spas of Europe, never ceasing to hope for recall to the throne from which he fled in 1924 without formally abdicating.

Born July 7, 1899, in the royal villa at Tanoli, he was the eldest son of Constantine I, the unfortunate "Tino" whose pro-German sympathies forced him into exile in 1917, who was dethrown a second time in 1922 and who died in exile in Italy. His grandfather was Prince William of Denmark, who as George I became the second king of the Hellenes and was assassinated at Salonic in 1913.

George II received his early education in England and later served in the Prussian guard, seeing active service in the Balkan wars of 1912 and 1913.

In February, 1931, he was married to Elizabeth of Hohenzollern, sister of his cousin, King Carol of Romania. Elizabeth, a great-niece of the former German Kaiser, divorced George in Bucharest three months ago.

George ascended the throne of Greece in 1923 after the death of his father. He had reigned only about a year when a national plebiscite established the Greek republic and confirmed the end of his dynasty.

During his exile he has made several lion-hunting expeditions in Africa, but has lived quietly the greater part of the time in Dover street, London, not bothering to maintain a "shadow court" as other throneless former monarchs have done.

Energetic and trim in appearance, George has always shown a penchant for snappy clothes and a fondness for the ways of democracy.

COAST GROUP TO HEAR RICHARDSON AT NEXT MEETING

SAN JUAN CAPISTRANO, Oct. 10.—Dan Mulherron, president of the Orange County Coast association, announced today that the group will hold its October meeting Tuesday at the San Juan Capistrano Union High school. The honored guest of the evening will be Friend W. Richardson, present state bank commissioner, and former governor. Richardson is slated to speak on the banking conditions in the state.

A Spanish dinner will be served in the school auditorium. Spanish dance quadrilles and music will be presented following the business of the meeting. Reservations are to be made in advance to Harry Welch, Newport Beach, association secretary.

MRS. MARY MALCOM RITES TOMORROW

SAN JUAN CAPISTRANO, Oct. 10.—Funeral services will be held in Los Angeles tomorrow afternoon for Mrs. Mary E. Malcom, 83, mother of John S. Malcom, San Juan Capistrano High school instructor. Mrs. Malcom died Tuesday at the Georgia Street Receiving hospital from injuries suffered when she was struck by an automobile Monday.

Services will be held at 1:30 o'clock from the Methodist church, Thirty-eighth and Normandie streets, under the direction of the Clark F. and Alice Mead Funeral home. She is survived by four sons and three daughters.

SERA Officials Seek Return Of Popular Pet Cat

In just what sort of a catastrophic catastrophe has "Sera," the popular pet cat of the SERA department on North Broadway, become involved?

If every dog has his day and every cat his night, what kind of night life is Sera leading that prevents him from returning to his accustomed home?

For Sera is lost, and SERA workers and officials are wondering what happened to their pet. He became a well known figure at the SERA offices, where he was the property of Harry Kessler, custodian. Passersby always expressed interest when they saw him riding around on the shoulders of Ben Milligan, the doorman. They liked the immaculate white stockings he wore—a full set of four, one on each paw. They liked his gentleness and his friendly qualities.

Did all of these reach such a sum of values as to make him irresistible to some avid cat collector?

Echo fails to answer, and SERA workers have adopted a plaintive old melody to needs of their new theme song, "Sera, where art thou?"

SUSPECT IN ARSON CASE FACES JURY

The jury trial of F. K. Handy, Jr., 27, charged with arson as the result of fire which burned the building at 1109 Coast boulevard, Corona Del Mar, belonging to the Rev. Walter Scott Buchanan, pastor of the Santa Ana First Christian church, started today in Superior Judge G. K. Scoville's court.

A statement made to the jury by Deputy District Attorney Harold McCabe, prosecuting the case, showed that the state will attempt to prove that Handy claimed to have been intoxicated at the time of the fire, but that state does not believe he was actually under the influence of liquor.

That the defense also will stress Handy's unawareness of any fire, was indicated when Defense Attorney O. A. Jacobs sounded out the jury's attitude toward a case when lack of motive was shown.

The children were Katherine Woodin, 6, and Virginia, 2 1/2. Rowland, missing for a week, was arrested in St. Louis yesterday. He said he took the children from his home in Harrison, Mich., after his wife, the children's mother, complained repeatedly about their being in the way. He told her, he said, was giving them a place to stay. Instead, St. Louis police said he confessed, he took them out on Bunt lake in a row boat, wired them to the shore, and threw them overboard.

Other teams are expected to be ready for practice by that time. Coach Reed said, and he has made arrangements for a preliminary practice to be held next Tuesday evening. This will be the sixth season for basketball league activities outside the school.

WARNING IS SENT TO U. S. EXPORTERS

WASHINGTON, Oct. 10.—(UP)—American exporters were warned by Secretary of State Cordell Hull again today that, if they trade with Italy or Ethiopia during the present war, they do so at their own risk.

In answer to statements by New York exporters that they propose to carry on their trade with Italy regardless of President Roosevelt's warning against such activities, Hull said, in effect, that American nationalists are free to follow their own inclinations and consciences in the matter.

If they get into trouble with some foreign government, however, as a result of their action, they cannot look to the American government for aid, comfort or support.

ROOSEVELT'S SONS IN AUTO ACCIDENT

BOSTON, Oct. 10.—(UP)—Harvard classmates of the Roosevelt brothers, sons of the president, anticipated stern parental admonitions for their friends today.

John Roosevelt, 19, who with his brother, Franklin, Jr., 21, comprise the fast drivers of the Roosevelt clan, crashed his automobile through a safety gate last night into the path of a train. His brother, James, 23, was a passenger. The car was sideswiped and wrecked. Witnesses said it approached a miracle that they were not killed or seriously injured.

Soon after John and James stepped out of the coupe, Franklin, Jr., dispatched an account of the accident to the president aboard the cruiser Houston in the Pacific.

PICNIC POSTPONED BY BEAN GROWERS

The picnic of the Lima Bean department of the Orange County Farm bureau, originally scheduled for Saturday at Irving park, has been postponed indefinitely, it was announced today by Roland D. Flaherty, executive secretary of the bureau.

A meeting of Lima bean growers will be held soon, he announced, at which time R. L. Churchill, manager of the California Lima Bean Growers' association, will be the principal speaker. The date and place of the meeting will be announced later by Flaherty.

Divorce Granted

Mrs. Mary Harrel Williams, 20, was granted a divorce from Arthur S. Williams, after a hearing of non-support charges before Superior Judge G. K. Scoville. The couple married at Westport, Conn., July 8, 1931, and separated December 8, 1934.

GERRARD TO ATTEND CHURCH CONVENTION

A. W. Gerrard, treasurer of the Alpha Beta market chain, and prominent official of the First Christian church of this city, will leave Sunday by Southern Pacific for San Antonio to attend the national convention of Christian churches. He will be accompanied by Ray Stoll, manager of the Orange Alpha Beta store.

Following conclusion of the convention they will take part in a special six-day tour to Mexico City which leaves San Antonio October 20 under direction of E. T. Cornelius, director of the Mexican Christian Institute.

Gerrard and Stoll expect to return in about four weeks.

60 PER CENT OF TOTAL FOR CHEST REACHED

Meeting in special session, members of the board of directors of the Community Chest last evening heard reports to date on the campaign for support of the city's seven major agencies and considered ways and means of meeting the total goal by Friday evening when all workers will assemble for the final report meeting at the Y. W. C. A. with dinner at 6:30.

Telling the board members that success is in sight, W. K. Hillyard said, "The figures before us indicate that, when every man and woman, in every division has been approached, our goal will have been reached. While other Community Chests are increasing the amount which they are to raise this year due to the withdrawal of the government from direct home relief, Santa Ana is not only not increasing for less than has been contributed in former years," he stated. "As we face this crisis for human needs in our city it is obligatory upon every citizen to come forth as a good neighbor and do his or her share."

Board members volunteered to assist in completing the canvass and to complete the campaign by tomorrow evening.

Urging that reports be turned in to the campaign headquarters as rapidly as completed Harry L. Hanson told the board, "we now have 60 per cent of the goal from less than 2000 donors. Our average pledge is above \$12, and when we have secured the support of 4000 donors the goal will have been obtained and we will celebrate a real 'victory' Friday evening."

THREE CONFESS TO KIDNAPING CHARGES

LOS ANGELES, Oct. 10.—(UP)—Police today held three men as accused kidnap-bands hunted the length of the Pacific coast for the past week.

They were William S. Parker, 19, of Stockton, Henry Edward Lacey, 28, of Fresno, and James Lawson, 21, Modesto, said by officers to be a deserter from the U. S. Navy.

Detectives said the men admitted banditry, and that Parker told of aiding in 20 to 30 holdups and seven kidnapings, extending from Los Angeles to Washington.

Kenneth Miller of Long Beach, kidnaped by bandits Saturday, was said to have identified Parker.

Four Basketball Teams Organized

NEWPORT HEIGHTS, Oct. 10.—Four basketball teams, the Ford basketball squad under Morris Crowley; the Balboa pharmacy, directed by Belvin Beatty; the Costa Mesa Epworth league, captained by Lenord Collins, and the Ex-Hi's, under the management of Frank Chapman, have announced that they will be ready for the first practice of the season, when the Newport Harbor union high school is opened to them November 1 by Coach Ralph Reed, director of the harbor district league.

The children were Katherine Woodin, 6, and Virginia, 2 1/2. Rowland, missing for a week, was arrested in St. Louis yesterday. He said he took the children from his home in Harrison, Mich., after his wife, the children's mother, complained repeatedly about their being in the way. He told her, he said, was giving them a place to stay. Instead, St. Louis police said he confessed, he took them out on Bunt lake in a row boat, wired them to the shore, and threw them overboard.

Bobby gaped at him. "I didn't know we had any jobs out there that cost that much," he said.

"This is a special job, I said," said Lewis. "Custom-built, and all. Anyhow, that's the car I want. Now I mean."

Lewis stared at the drink which the waiter put in front of him, and held the glass cupped in his hand for a long time, studying it intently.

"Listen," he said to Bobby at last. "You and I might be able to do some business, one of these days."

Bobby leaned forward eagerly. "Yeah," went on Lewis. "I'm going to be needing a new car. Might as well let you sell it to me. I guess."

He yawned lazily. "That'd be swell," said Bobby.

Lewis continued to look at his glass.

"Trouble is," he said, "I got a little deal to put over first."

S. A. MERCHANTS PLAN BIG OBSERVANCE OF CHRISTMAS; SHOPPING SEASON DATE SET

Santa Ana merchants will open the Christmas shopping season this year on December 5, it was decided today at a special meeting of the retail division of the chamber of commerce when preliminary plans for the greatest Christmas celebration in the history of the city were discussed.

It was decided that streets of the city will be decorated again this year, but an attempt will be made to make the decorations this year different and outstanding.

A committee comprised of Irie Stein, Phil M. Brown, manager of the Business Men's Association of Santa Ana, and Secretary Howard L. Wood of the chamber was named to make arrangements for the decorations and to draw up a skeleton plan for the celebration. Other committees to take charge of other phases of the celebration will be named later.

Musical Programs

More stress will be laid upon a comprehensive musical program this year, it was decided. Tentative plans were made for broadcasting from the First National bank building, as was done last year, and perhaps to place loudspeakers in every block of the business district and to re-broadcast Christmas programs from KREG.

Santa Ana merchants will compete again in a Christmas window display contest. This year it is likely that windows alone and not store interiors will be judged. Not store interiors will be judged. Last year Walter Swanberger won the sweepstakes prize for the best decorated store. Secretary Wood pointed out, "This cup must be won three times by the same merchant before it is permanently awarded. Merchants will hold a window preview of Christmas merchandise again this year, Wood said.

Plan School

Arrangements also were made today to stage a merchandising school sponsored by the retail division in cooperation with the adult education program. W. W. Wieman of the night school met with the retail board to discuss the course, which will be offered one night a week for four weeks. Wieman will report back at a meeting next Thursday morning. Seven merchants present made arrangements to send 64 employees to the school. At first it was planned to cooperate with a private agency in staging the course, but it was figured that a considerable sum of money could be saved by cooperation with the local school program.

NEW YORK BONDS

NEW YORK, Oct. 10.—(UPI)—Bonds advanced easily on the stock exchange today, as few scattered declines occurred, without effect on the main body of issues.

There was fresh selling in New Haven issues which dropped 1 to 2½ points.

United States governments sagged in the greater part of the session but recovered in the final hour. The foreign list was firm with the exception of Italians.

Industrials gained up to 3 points in broad dealing.

LEVINSKY HUMBLED BY 'LOCAL' VETERAN

WASHINGTON, Oct. 10.—(UPI)—King Levinsky, the Chicago fish peddler, lost a 10-round decision at Griffith stadium last night to Marty Gallagher, a local lad who has spent nine years battling heavyweights in this territory.

Club No. 2 of Costa Mesa will hold its regular meeting October 15 at 7:30 o'clock. October 14 in the women's club house, Costa Mesa, at 6:30 a pre-convention rally and dinner will be held. A picture show and lecture is slated for October 25 at 7:30 o'clock in the Lindbergh school. Van Lohner, of Laguna Beach, will be the speaker.

Club No. 9 will meet at the Edison school at 7:30 p. m. Friday. Walter R. Robb will be the speaker and the public is invited to attend by the club officials.

Clubs 4 and 6 will hold a joint meeting in the Sunday school room of the Nazarene church tomorrow evening at 7:30 o'clock.

The bandit got out of the car and walked into the station. When Thompson returned to the station, the man simulated a gun in his right coat pocket and informed Thompson that he was being held up. Thompson raised his arms but lowered them at the order of the man who then forced him to open the cash register. Only \$5.25 was taken from the till.

Rails joined the upturn although their gains were small. Steels were fractionally higher. Schenley and the wire stocks took a new top at 44¢ up 2. Marcelline issues were strong from favorable sales reports coming in from all parts of the country.

Gains to 2 to 3 points were noted in Allied Chemical, American Can, American Commercial, American Woolen, Praeger, Case, Conoleum, Deere & Co., DuPont, Johns Manville, Monsanto Chemical, Radio preferred b, Spiegel, May & Sons and Westinghouse.

Electric & General preferred jumped 4 points while associated Dry Goods second preferred was up 4 and the common up more than 2.

Thompson out of the car, the same bandit robbed another station at Norwalk, the sheriff's office was informed, escaping with a small amount of cash and kidnapping the station attendant.

The bandit, believed to be one of a gang which has terrorized outlying service stations in Southern California during the past several weeks, came to Santa Ana yesterday, after stealing a car in New Haven issues which dropped 1 to 2½ points.

United States governments sagged in the greater part of the session but recovered in the final hour. The foreign list was firm with the exception of Italians.

Industrials gained up to 3 points in broad dealing.

Steals Car Here

This car was found abandoned late last night by the Santa Ana police on Bush street, between First and Second street.

Late yesterday afternoon the car of Martin Elliott, of 306 Sprague street, B. J. McMullen being the legal owner, was stolen from in front of Elliott's house. This car was believed to have been the one used by the bandit in the holdup at Costa Mesa and at Norwalk.

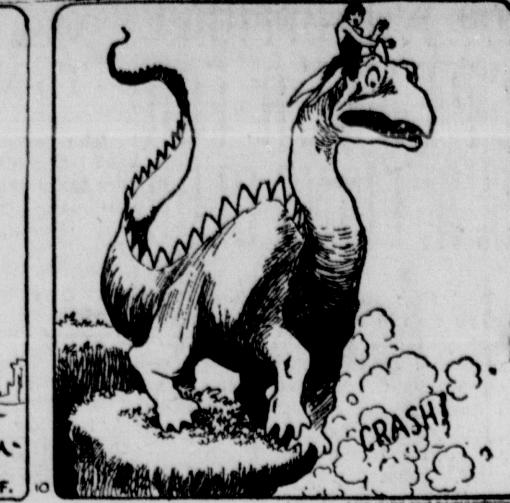

Los Angeles police reported at 2 a. m. today that the Elliott machine had been found a Bakersfield, wrecked, and that the bandit had stolen another car there and made his getaway. Plans were being made today to return the Elliott machine to Santa Ana.

Fritz Klenk, attendant at the Jerry Hall service station at Second and Main streets reported to the police at 7:30 o'clock last night that two men in a car came into the station and asked for tire oil for a fuse. He said he noticed both men carried guns and police were trying to connect these men with the holdups.

CONGRATULATIONS, AMERICAN LEGION

The American Legion is to be congratulated on the clarity of its vision, in its relation to the Constitution of the United States.

Some of the forces, which have pretended to be horrified at the idea of amending the Constitution, have imagined that the American Legion was a body that they could get to support their position.

Some of these forces, which have been adverse to any change in the Constitution, assume this position because they now are able to do many things, like the employment of child labor, which they are afraid an amendment to the Constitution would enable Congress to forbid.

But the members of the American Legion seem fully aware of the nature of the Constitution and its purpose of achieving justice and the promotion of the general welfare.

Commander Ray Murphy of the Legion, in addressing the American Federation of Labor, expressed this sentiment quite clearly to that body yesterday. He said: "Former soldiers favor making whatever changes in the Constitution are needed for the common good."

We want to congratulate the American Legion on this position. It is the sane, right and clear position to assume. The purpose of the Constitution is the common good.

Now comes this great body of veterans and favors the adaptation of that Constitution to the good of the country. This places the issue where it belongs.

In any proposed amendment, the question is not whether, as the men in favor of the status quo declare, "the Constitution is too sacred to change"—it is not the absurd suggestion that "an amendment to the Constitution changes the government." The question will be frankly and simply whether the objective which is to be gained, by the proposed amendment, is for the common good or is not for the common good.

Upon this question, intelligent and honest men can differ widely, in respect to any social change, whether it be the doing away of child labor, the establishment of the minimum wage, the avoidance of certain elements in the competitive struggle, etc., etc.

But they cannot differ as to the right and wisdom of making the change in the Constitution, providing this change is for the common good.

Incidentally, this makes their attitude against Communism, in the sense that it is used to typify the Russian idea of government, very consistent. There is not an alleged good of an economic or social character, that is claimed for the Russian program, which cannot be achieved under the American form of government. This can be done through the methods favored by the American Legion, of amendments to the Constitution for the public good.

This affords the American Legion men, in every community, a great opportunity of wise leadership. There are always, in a growing industrial and economic age, certain wrongs to be righted, certain changes in legal statement, in order to get justice. Fortunately, in our American government, we can make these changes within our form of government without the dictatorship of an individual or a class.

THE SITUATION AT THE WAR FRONT TO DATE

The nations of the world have taken an historic step toward enforcement of peace by general collaboration.

More than 50 countries—all the nations of the league except Italy, Austria, Hungary and probably Albania—have joined in declaring Italy an enemy of society and a nation waging an unjustified war which must be stopped by the application of punishment.

Italy, Austria, Hungary and Albania thus are isolated in this amazing line-up, almost every hand against them. They can expect no help from the chief nations outside the league—the United States, Japan, Germany and Brazil, except possibly Germany. That depends on whether Hitler thinks it would be to his advantage to risk the growing cordiality between Germany and Britain.

Now that the war in Africa is on, the usual difficulty of ascertaining fact from rumor that occurs in any war has arisen. No one really knows what is going on in Africa. A rigid censorship has been imposed on the northern front. The London and Paris press pick up vague reports here and there, but those papers can scarcely be said to be as meticulous as the American press in demanding objective fact.

Addis Ababa is not in a position to get much authentic news because of the great distance to the fighting zone and the lack of communications. There also is a rigid censorship there. News from Harar comes mostly from Ethiopian sources, which are inclined to be pro-Ethiopian.

From the information at hand, the situation seems to be as follows:

1. There is considerable fighting on both the northern and southern fronts. The Ethiopians in the north are putting up a stiff and hampering guerilla resistance. The censorship of the Italians might possibly indicate that they are not progressing as rapidly as they had hoped.

2. The nations at Geneva have definitely committed themselves to repress Italy by economic and financial pressure. If the first, milder measures prove unavailing, they have no choice but to proceed with the sterner penalties.

3. Mussolini is not yet in a position to call off the war and seek terms, not yet having achieved a sufficiently impressive victory to satisfy Italian pride. Retreat now would mean his downfall. He can, however, continue the war with impunity as long as stronger penal-

ties are not applied, because the milder ones would not cripple him for a long time.

4. There is a possibility, but not a certainty, that Germany might decide to supply Italy with vital materials through Austria. That would go a long way towards nullifying the effects of the first league penalties.

REAL ESTATE GOING UP

Signs of increasing activity and rising values in Pacific Coast realty and related markets are getting more pronounced each day.

Rents are going up and occupancy of habitable property is likewise increasing.

According to figures gathered by the Federal Home Loan Bank board, rents have increased five per cent in Arizona, eight per cent in California, 14 per cent in Idaho, 13 per cent in Oregon and 12 per cent in Washington. California occupancy is now placed at 94.8 per cent.

The same report shows evidence of the steady decrease in new foreclosure proceedings, and steady reduction in the amount of real estate held by banks and other financial institutions.

First mortgage bonds held on large buildings increased 2.6 per cent in price during September, while coast office building bonds increased 4.8 per cent during the same month. The average \$1,000 first mortgage bond on Western real estate is estimated to have gone from \$367.00 at the beginning of the year to \$480 at the end of September, a rise of more than 30 per cent.

Metropolitan banks in our 12th Federal Reserve district have loaned \$15,000,000 on real estate during the month of September, bringing their total real estate loans to \$358,000,000.

Real estate may not be coming back as some people would like to see it come back, but its progress is none the less certain. The increase in value quite definitely shows the return of confidence in the general stability of the nation and gives expression to the faith that we are again on the way up.

A FRIENDLY NEIGHBOR

Col. John Buchan, Lord Tweedsmuir, who took over the post of governor-general of Canada today, is generally regarded as more than usually friendly to the United States.

During his extensive travels he has spent much time in this country and is well versed in both Canadian and American history, literature and general achievements.

He is a native of Scotland and his father was a minister.

A significant remark showing his friendliness toward the United States was: "America I happen to know well. It is not, I think, a disadvantage to Canada to have as governor-general one who knows pretty thoroughly its neighbor over the border."

Col. Buchan, who started writing novels before the war, has never ceased. His specialty is romantic adventure. He also has penned a history of the World war that is regarded as one of the best. During the World war he served for a time with the general headquarters staff in France, but was brought back to England because the cabinet wanted him as director of information to deal with the press.

The new governor-general has not been in Canada since 1927, but made a flying visit to the United States in November last year. This was on the occasion of the dedication of the University of Columbia library, when he made an address. He later took time for a hurried trip to Washington, where he was received by President Roosevelt.

Many Americans Are Living Abroad

San Bernardino Sun
Approximately 409,000 citizens of the United States reside in other countries. This is probably the largest number of citizens to reside abroad in the history of the nation. The only previous official estimate was in 1929 when the count showed 394,000.

France has ceased to be popular with expatriates. The once important American population in France has dropped until only 19,315 remain. The shift in the value of the American dollar plus resentment over France's war debt attitude is responsible for the departure of more than 15,000 Americans from France in six years.

Every other country of importance showed a gain in population of American citizens. That is not difficult to understand. Large numbers of naturalized citizens and American-born children of naturalized citizens returned to their native lands as the result of the depression. Many of them are citizens of the United States, perhaps in name only. Italy has the largest American population of any European country. The number in 1935 is 31,000 as contrasted with 10,000 in 1929. They are largely Italians who have surrendered their residence in the United States and probably have no intention of retaining citizenship.

Other countries showed increases between 1929 and 1935 as follows: Irish Free State from 1,200 to 6,600, Czechoslovakia from 2,500 to 7,000, Portugal from 700 to 4,000, Yugoslavia from 2,500 to 6,000.

More than half of the Americans living abroad reside in Canada.

Poultry Prospects

Oakland Tribune
Hayward, Petaluma and other poultry points in the State rejoice in the prospect for a prosperous season.

"Both egg and poultry prices are reported as likely to continue at higher levels than last year," says the College of Agriculture of the University of California in a survey inspired by the increased demand which has been occasioned in large part by the soaring prices of meat.

Poultry men have another cause to be happy. The price of feed is lower and there is a wider margin between production costs and sales. "The relationship between egg and feed prices has been more favorable for the first eight months of 1935 than it has been in any year since records were started in 1910," is the way the University puts it.

Poultry men are entitled to rejoice though they know that the favorable situation may not last. Commercial hatcheries have sold the largest number of baby chicks since 1930. This increase will not affect the egg supply for another year, but it is likely to be felt. As it is, 1935 promises to be the best year for the industry since the beginning of the depression.

The Hour Of 'Glory' Arrives

More Truth Than Poetry

By James J. Montague

A WORD OF CHEER

Cheer up! This existence is only a game. And you are just one of the players. Do not mutter and moan. Do not sputter and groan.

Be one of us sunshine purveyors. Put your hand to the plough.

If you own such a tool. Though your lot seems extremely distressful,

Remember that troubles don't last, as a rule, and you soon may be rich and successful.

You may be, while reading these stanzas, in jail. But, in time you will surely get out

And sing a gay song.

As you journey along—

Or that there is never a doubt.

Keep your nerve and your grit,

Keep a calm level head;

Forget all your work-a-day sorrow.

You still have abundance of butter and bread

To supply you with dinner tomorrow.

Be brave and assured, be honest and brave,

Be ready to stand up and take it.

Keep a firm steady grip

On the old upper lip.

Your existence is just what you make it.

If you travel along on your undaunted way,

Unperturbed and serene and collected,

You may become famous, some not distant day

As well as both rich and respected.

If Mr. Mussolini takes as much time fighting his war as he is taking in preparing for it, it will all be over before it is more than barely started.

A DAY'S WORK

A new political party in Estonia is called Vabadussojalased. Just imagine how little time would be left for fighting if all the soldiers had to get that war cry down pat.

PARAGRAPHS

By Robert Quillen

If most marriages are successful, why do most women feel sorry for the bride?

The Ethiopians have one great advantage. They won't have to get used to cooties.

A soft answer turns away wrath. In these radical times, that is also true of a soft snap.

Be glad there are so many suckers. It proves that most of us are used to dealing with honest men.

AN HONEST MAN CAN'T DO MUCH FOR THE POOR. THEY THINK HIM AN ENEMY BECAUSE HE DOESN'T PROMISE THE IMPOSSIBLE.

Women aren't so tender. They wring a chicken's neck and choke a car just to get it out of the garage.

Science has invented no labor-saving kitchen devices to compare with three corn-fed daughters.

Why do men praise the little busy bee? He gathers honey for them to confiscate.

It's still a winnins world, pop said.

And he got in back of the sporting page.

AMERICANISM: The government taking most of your money so it can support the helpless; telling the helpless to depend on your private charity.

The next war will be shorter. With machines doing everything, it won't take so much time to wind up putties.

A labor leader says you can't expect a man to work for nothing. You can if you appoint him chairman.

Large families cost little more. You just outfit the first with clothes and school books and then hand them down.

YOU CAN TELL THE DUMB ANIMALS. THEY DON'T TAKE SOMETHING TO WORK UP AN APPETITE FOR FOOD THEY DON'T NEED.

America won't get into this war. There aren't any natives of Ethiopia over here to argue with.

There's no equality. If the bride's parents weep, that's natural love. If the groom's parents weep, that's an insult.

Of course Italy and Ethiopia have no money, but we could sell them stuff and pay ourselves as we did the last time.

Italy's "need of expansion" prompts the Ethiopian business.

CORRECT THIS SENTENCE: "ALL I ASK."

SAY THE SOLICITOR FOR A NOBLE CAUSE,

"IS THAT YOU GIVE AS MUCH AS I HAVE GIVEN."
